## New to CicLAvia?

### Here are some things to know before you go:

- CicLAvia is FREE!
- CicLAvia lasts from 9am to 4pm.

 [View all fonts in this project](#)

- CicLAvia closes streets to car traffic and opens them for people to walk, skate, bike, play, and explore parts of Los Angeles County.
- CicLAvia is not a race! There's no starting point or finish line—begin where you like and enjoy the day your way.
- CicLAvia traffic flows in two directions, just like regular traffic. Check out more [rules of the route](#).
- As a general rule of thumb, only people-powered vehicles are allowed, with exceptions for persons with disabilities. That means we do not allow electric scooters, electric skateboards, hoverboards, electric unicycles, motorcycles and other non-people-powered vehicles, but we do allow motorized wheelchairs and related vehicles for people with disabilities. We want to make

sure that everyone can enjoy our route.

- Are e-bikes allowed? Class 1 e-bike pedal-assist allowed. Class 2 e-bikes allowed when throttle is powered off. Class 3 e-bikes allowed when pedal-assist is powered off. Learn more [here](#). General rule of thumb: if you're pedaling (and not riding), you're clear.
- As consideration for being allowed to participate in a CicLAvia, all participants are deemed to have released from liability and waived any right to sue its organizers, their employees, officers, volunteers and agents from any and all claims, including claims of negligence, resulting in any physical injury, illness (including death) or economic loss suffered as a result of participating in this CicLAvia.

- By participating in a CicLAvia event, each participant understands that there are risks, such as physical and/or psychological injury, pain, suffering, illness, disfigurement, temporary or permanent disability, death or economic loss. These injuries or outcomes may arise from a participant's or other's actions, inactions, or negligence, or the condition of the location (s) or facility (ies). Nonetheless, participants assume all known and unknown risks of participation in CicLAvia.
